

FUNDAMENTALS OF SECURITY

ORIENT ON THE FORCE OR FACILITY TO BE SECURED

The security force focuses all its actions on protecting and providing early warning to the secured force or facility. It operates between the main body and known or suspected enemy units. The security force commander must know the main body's scheme of maneuver to keep the security force between the main body and the enemy. The value of terrain occupied by the security force hinges on the protection it provides to the main body commander.
