

Army Combatives Program **MTT OPORD**

References: TC 3-25.150

Time Zone Used Throughout the Order: Eastern Standard Time (EST) or Eastern Daylight Savings Time (EDT)

Task Organization: Instructor to student ratio is 1 to 4 during high risk PE's and 1 to 12 during Instruction

1. SITUATION: E/1-29 IN, Fort Benning, GA provides Resident Courses and Mobile Training Teams (MTTs) to US Army units in both CONUS and OCONUS.

a. Higher Units Mission. 1st Battalion, 29th Infantry conducts ongoing Abrams, Bradley, Stryker and Combatives instruction for the U.S. Army at FBGA and other CONUS and OCONUS locations IOT provide the force with trained leaders who are prepared to fight and win in combat. O/O conducts experimentation of emerging technologies IOT provide Soldier assessment and feedback of systems/ capabilities under consideration for acquisition/ fielding to the force.

2. MISSION: Echo Company Mission. Echo Company, 1st BN, 29th IN conducts Master Combatives Trainer certification for the US Army at FBGA and other CONUS and OCONUS locations IOT provide the force with trained Combatives Instructors that are prepared to fight and win in close quarters combat

3. EXECUTION.

Intent: To provide a MTT package that teaches Master Combatives Instructors, at home station, resulting in a readiness impact of multiple Master Combatives Trainers ready to assist commanders in the planning of collective training.

a. Concept of Operations.

The Combatives Master Trainer Course is a 4 week (36 Student capacity) program of instruction that provides instruction to Soldiers on the following subjects:

Basic Combatives movements and techniques, Tactical Combatives movements and techniques, Combatives Scenario Training, Vehicle Extraction Techniques.

The end state for the unit is a fully capable Master Combatives Trainer able to provide Commanders valuable methods of incorporating Combatives training into the unit METL.

All MTTs provided by 1-29 are conducted in 5 phases:

PHASE 1: Units requests training through FORSCOM / TRADOC accepts and builds class in ATRRS.

PHASE 2: Initial unit/school coordination.

- PHASE 3: QAQC conducts recon.
- PHASE 4: Course begins.
- PHASE 5: Graduate, Recovery, and Reset.

b. Maneuver.

PHASE 1: REQUEST MTT

Requesting Unit:

- i. Identifies need for training and submits request to FORSCOM for MTT

School:

- i. TRADOC receives request and builds course in ATRRS.
- ii. 1-29 IN receives from TRADOC official tasking to provide MTT.

PHASE 2: INITIAL COORDINATION

Requesting Unit

- i. The name of a dedicated, knowledgeable MTT Liaison Officer or NCO (**senior SSG or SFC**): individual will **NOT** function as an OIC, RSO, or AI during the length of the class.
 - a. Funding information: All funds required for instructor travel and billeting should be placed in DTS (NLT 30 days out), civilian contractors will use a MIPR type fund site and the 29th Infantry Regiment will make all necessary cost estimates for travel, lodging, and shipping arrangements (Instructors, both military and civilian, will travel by commercial air or rental vehicle if the supported unit is within driving distance from FBGA. Instructors will also be provided will full per diem according to MTT's location.).
- ii. The host unit's Schools will input student names into ATRRS. (Failure to do so could result in a NON-CONDUCT of training.)
- iii. 30 days out- Provide a fund site (LOA) to include a MIPR (DD Form 448) for civilian contractors. A POC's contact information for the LOA will be provided no later than 30 days out.
- iv. 45 days out, provide a TAC code for shipment of necessary equipment.
- v. Facility to be used and number of students that will be trained will be provided during the initial request for training.

NOTE: MTTs directed by TRADOC will be funded by TRADOC. Units requesting offline Trap will fully fund MTTs (I thru V). The school will accept Trap request base on the unit available/ capability to conduct the course

School:

- i. The Course will provide/ do the following:
 - a. Standard Name Line of instructors, both civilian and military.
 - b. Get cost estimate
 - c. Training schedule
 - d. PPT slides discussing issues and basic resources

PHASE 3: RECON

Requesting Unit:

- i. The host unit will have the liaison officer/ NCO escort the instructor(s) a minimum of 24 hours prior to course start date to all training sites to include; classroom, ranges, and storage facilities for equipment. (Note: Cadre must have 24 hour access to the classroom IOT conduct training. A secure storage facility that only Cadre have access to must be provided to store high dollar items.)
- ii. Address short comings/ issues with chain of command (if any).

School:

- i. Cadre will inspect all training sites, identify any short comings/ issues and report them to the liaison. (Note: If there are any issues that cannot be resolved by the host unit, they will be reported to 1-29th INF S-3 for assistance/ guidance).

PHASE 4: MTT CONDUCTS SCHOOL

Requesting Unit:

The host unit liaison assists the instructors with the following:

- i. Classroom prep
- ii. Provides any necessary supplies, training aids and assistance.
- iii. Ensure the students are present for training and on time (students

cannot

Miss more than 8 hours of specific training or a maximum of 2 hrs. a week, this will be a case by case basis. It is the unit's responsibility to ensure students do NOT report for unit PT nor are they on the duty roster for the duration of the class.)

School:

- i. Provide instruction and facilitation.

PHASE 5: GRADUATION AND RESET

Requesting Unit:

- i. Provide support for cleaning details

School:

- i. Enters names of Graduates into ATRRS
- ii. Issue graduation certificates
- iii. Ship equipment back to FBGA if needed.

School:

- i. Confirm names of Graduates are entered into ATRRS

b. Student Pre-requisites: Prerequisites are established by the MCOE at FBGA, and are non-waiver able unless specifically listed in ATRRS. A detailed list of student pre-requisites is on ATRRS and will be provided in PPT format as well.

4. SERVICE SUPPORT.

a. Support Concept. All support requirements will be detailed on the PPT presentation and on the training calendar that will be provided upon initial contact with host unit.

b. Materiel and services. Contact Echo Company at (706) 545-2811/5777

c. Health service support. N/A

d. Personnel. Uniform for students will be in accordance with daily POI. During Tactical training events, the uniform will be ACU/OCP with ACH/MICH and Interceptor Body Armor vest or equivalent to include all appropriate PPE.

5. COMMAND AND SIGNAL.

a. Command. For the duration of the course students are under the control of the Course Branch Chief.
